LinkedIn: Orchid_Oxford

**for current and upcoming
studies, updates to our
disease surveillance,
articles of interest and
more**

Will we see you at WONCA2022 - London?
In conjunction with the RCGP Annual Conference
28 June to 1 July

Join us for the following talks:

55 years of primary care sentinel surveillance: Oxford-RCGP Research and Surveillance Centre (RSC) bottom-up professionally-led use of routine data and sampling

Professor Simon de Lusignan
15.30-15.45 - 29.06.2022

The value of representative disease surveillance cohorts for equitable public health: Experience from the Oxford-RCGP Research and Surveillance Centre

William Elson
08:50-08:55 - 01.07.2022

Oxford-RCGP Research and Surveillance Centre's sentinel surveillance network – a groundswell in GP data sharing and sampling during the COVID-19 pandemic

Meredith Leston
11:55-12:05 - 01.07.2022

or if you would like to arrange to meet up with us at the event please let us know
practiceenquiries@phc.ox.ac.uk

ORCHID Data Sharing Agreements

Thank you to all practices that have signed and returned their updated ORCHID Data Sharing Agreements so far. It is important that these agreements are signed and returned as soon as possible.

We are still in the process of sending these out so if you haven't yet received yours, you will in due course.

If you have any questions then please contact our practice liaison team.

Reminder: Completing Patient Data

Our labs have recently received a number of blood samples missing the patient's NHS Number.

It is important to provide the relevant information on **both** the **form** *and* the **blood bottle**.

Please see the instructions provided in each kit for clarity or feel free to contact one of our team.

SNOMED code for suspected Flu

Reminder: please make sure you use the SNOMED code for Influenza-like Illness. Free text is not included in our count and so will not give us an accurate number of suspected cases.

ILI SNOMED code:

Influenza-like illness' (finding) (SCTID: 95891005) as a 'problem'

We also routinely monitor codes for other respiratory infections. Please ensure you code diagnoses of:

- **'Bronchitis (disorder)' (SCTID: 32398004) as a 'problem' OR 'Bronchiolitis (disorder)' (SCTID: 4120002) as a 'problem'**
- **'Upper respiratory infection (disorder)' (SCTID: 54150009) as a 'problem'**
- **'Lower respiratory tract infection (disorder)' (SCTID: 50417007) as a 'problem'**
- **'Suspected infectious disease (situation)' (SCTID: 700217006) as a 'problem' (for suspected Covid-19)**

Payments

Payments for swabbing and sampling provided between 1st March 2022 to 31st May 2022 are being calculated this week so please keep an eye out as an invoice request will be sent to all practice that have taken part.

Don't forget!! This is what you can earn for participating:

Virology Swabs:	£7.50 per swab
Serology Samples:	£5.50 for samples taken from patients over 18 years old
	£11.00 for samples taken from patient between the ages of 8 to 17
	£30.00 for any patient under 8 years
